Deceased Was Mother of Mrs. Charles E. Ehme—Interment Will Be Here.

Word was received in the city Monday of the death of Mrs. J. C. Gillham, mother of Mrs. C. E. Ehme, which occurred at her home in Lincoln Monday morning. She had been in ill health for several years but her last illness was of brief duration.

Latitia Frye was the daughter of Mr. and Mrs. Milton Frye and was born on a farm southeast of Jacksonville and was reared in this county. After her marriage to J. C. Gillham they went to Ft. Scott, Kansas, where they resided for a time. They then went to Mason City where they resided until ten years ago when they went to Lincoln which had since been her home. Besides her husband she is survived by the following children: Edward of California; Mrs. C. E. Ehme, Jacksonville; Mrs. George Van Vleet, Fulton, Mo.; Miss Grace Gillham who resides at home; Harry of Chicago and Clarence of Minneapolis.

The remains will be brought to Jacksonville, arriving at 8:50 o'clock this evening and will be taken to the residence of W. W. Gillham. There will be no services at the residence, and only brief services will be held at the grave.

Burial will be in Diamond Grove cemetery. Friends wishing to view the remains may do so before 10 o'clock Wednesday morning.

Detroit Electric

This is the \$1775 Detroit Electric

You will find it the greatest enclosed car value on the market, at less than \$2000.

It is a car worthy to the last detail of bearing the name Detroit Electric.

Its quickly and conveniently adjustable windows all around have a two-fold advantage:

1st—The clear vision on all sides that they afford makes motoring far safer and easier.

2nd—Lowered, they provide perfect ventilation and open car coolness. Raised, they surround you with all the luxury and privacy of the costly limousine.

The big 42 cell, 13 plate, batteries have been refined and developed until they get from 70 to 90 miles on a single charge. This is far

more than you will ever use in an ordinary day's motoring.

There's plenty of power for steep hills and heavy going through mud and drifted snow.

Three people find ample space on the wide rear seat, and the restful, revolving chair in the front right corner provides for a fourth passenger. Also, an upholstered package box is placed in the left front corner and may be used as a seat.

Big tires—Goodrich Silvertown cord—33 in. x 4 1/2 in.; deep upholstery; 100 in. wheelbase; and long, resilient springs unite to insure you smooth travel over every kind of road. An uncommonly fine quality of exclusive whipcord is employed in the upholstery which is of the Turkish type. All cushions are of genuine curled hair.

Equipment details include two head lamps, dome light shedding a soft lustre throughout the car, tail lamp, Klaxette horn, meter, hub odometer, Hook wire wheels, and a very complete equipment of tools.

CIRCUIT COURT TERM BEGAN MONDAY

JUDGE CREIGHTON MADE
NUMEROUS DOCKET ENTRIES

Injunction Case Involving Rights of James Ball and Jacksonville Railway Company on Trial—Default Entered in Many Divorce Cases—Grand Jury Begins Work.

The business of the November term of the Morgan county circuit court began Monday morning at 10 o'clock with Judge Creighton presiding. The grand jury was organized with T. J. Bronson as foreman and George W. Davis as clerk. G. L. Kimber of Waverly is special bailiff in charge of the grand jury. The deliberations of the grand jury are in a measure directed by State's Attorney W. N. Hairgrove.

Judge Creighton entered a large number of orders both in chancery and law cases but much of the time of the court was taken in hearing the case of the Jacksonville Railway & Light Company vs. James Ball. This is a case in which an injunction was issued restraining the defendant from moving a house across the track of the company near the junction of Webster avenue and West college avenue. It was set forth in the prayer for injunction that Mr. Ball intended to go across the track without the authority of the company and that an extensive amount of damage would be done.

House Moving Case
In the trial of the case the Railway Light company is represented by Bellatti, Bellatti & Moriarty and Mr. Ball by J. Marshall Miller and J. O. Priest. It is the contention of Mr. Ball that he was about to move the house across the tracks without doing damage to the railway company property or to anyone else. He maintained that the height of the company's wires was such that by raising them slightly himself with lumber that he would be able to move the building across and that he was engaged in this process when the company by running street cars backward and forward across his cable cut it and thus stopped the moving work. A number of witnesses were put on the stand by the attorneys for Mr. Ball with the wish to show that the work as planned by Mr. Ball was practical and had not been interfered with by representatives of the company that the work would have been done.

It is the company's claim that Mr. Ball refused to pay the necessary costs for moving the wires, and furthermore, when there was a disagreement about this matter that he threatened to go across without permission and thus damage the company's property and endanger the public.

The taking of evidence in this case will be resumed this morning.

Browning Partition Case Next
When this case has been finished the trial of Mrs. Sallie Browning Orear against the Farmers State Bank & Trust company will be entered upon. The case is on exceptions to the Master's report which found in favor of Mrs. Orear, who claimed that a partnership existed between herself and her brother, the late D. Res Browning, which gave her joint ownership with him in certain lands and properties although the title was vested in him. The orders entered during the day were:

Don't Forget!

Your storage battery may freeze if not carefully charged. You use it lots more if you run your car in winter than in summer. You use your lights more hours, your engine gets cold and is hard to start, but yet you don't think much of the battery. You let it churn and churn, until finally it is about churned out. Look out now for freezing. If you don't run your car, let us call and get the battery and store it for you, then you know it will be all right next spring. Our rates are reasonable and our attention, expert.

Best have the car looked over this winter and put in good order for next spring. We have the best skilled mechanics in the country. Always at your service.

Winter storage for your car. We have some room left, rates reasonable, complete vulcanizing plant, accessories, brazing and welding. Cars washed, called for and delivered. We sell THERMITE anti-freezing solution for the radiators.

FUNERALS

McAllister

Funeral services for the late William McAllister were conducted Sunday afternoon at 1:30 o'clock from the home of the daughter of the deceased, Mrs. William Spencer, 1225 S. Clay avenue. Rev. Myron L. Pontius, pastor of Central Christian church, was in charge of the services and music was furnished by a quartet composed of Mrs. J. Edgar Martin, Mr. and Mrs. Edward Williamson and W. W. Gilham. The many beautiful floral offerings were cared for by Mrs. Clarence York, Miss Minnie Harney and Mrs. Daniel Kelly. Interment was made in Diamond Grove cemetery, the following acting as bearers: Clarence York, Robert Henry, George Henry, Daniel Kelly, August Walters and Charles Stevenson.

Hembrough.

The funeral of Mrs. Elizabeth Hembrough was held last Saturday at 10 o'clock a. m. Mrs. Hembrough was well known in this community and many relatives and friends gathered at the Hembrough residence, where the funeral was held. The service was conducted by Capt. Isaac H. Heggum of the Salvation Army, assisted by Capt. S. Hutchings. The service was opened by song, "One Sweetly Solemn Thought," after which prayer was offered by Capt. Heggum. Mrs. Martin, Mr. and Mrs. Ed Williamson sang, "Asleep in Jesus," which was Mrs. Hembrough's favorite hymn, and according to her wishes before she died. After the song Capt. Heggum preached the sermon and took for his text, "Looking for the blessed hope and the glorious appearance of the great God and Saviour Jesus Christ." Titus 2:13.

A vocal solo, "Some day the silver cord will be broken," was then sung by Capt. Hutchings after which Capt. Heggum offered prayer and the trio sang, "Jesus is mine," in closing of the service.

The burial was made in Asbury, where another short service was held. The bearers were: Leonard Elliott, James Elliott, John Elliott, Harold Elliott, Harry Hopper and Charles Burrows. The flowers were cared for by Miss Grace Hembrough and Mrs. Harry Hopper. The relatives of Mrs. Hembrough wish to express their gratitude to those who aided them in their bereavement.

EMINENT BARITONE COMES WEDNESDAY

Reinold Werrenrath Will Appear at Opera House in Concert Program.

It was announced some time ago that one of the leading artists in this country, Reinold Werrenrath, had been engaged for a local appearance Wednesday, Nov. 15, and the news was welcomed by all those who have heard the distinguished singer. In connection with his coming it is of interest to know some of his past successes, and advance information from his New York managers the Wolfsohn Bureau bring the following statement:

"Reinold Werrenrath is acknowledged to be of the foremost class in concert circles; last season his tour of forty concerts with Miss Geraldine Farrar established him in high favor from Maine to Texas; in previous seasons he has been honored with engagements by such representative musical societies as the Chicago Apollo Club, the Handel and Haydn Society of Boston, the New York Oratorio Society and a number of other fine organizations that secure only the leading singers for solo appearances. The Worcester, Mass., festival has thrice engaged him, and he has toured with Chicago Symphony orchestra. A list of the notable concerts in which he has taken part would fill a column."

Mr. Werrenrath comes to the Grand Wednesday.

NEW JACKSONVILLE ART CENTER OPENED

Reception Given at David Strawn Memorial Building—Spacious Rooms Will Afford Great Opportunity for Art Advancement.

A brilliant reception was held last evening at the David Strawn Memorial building on West College avenue, the members of the Art Association inviting the public to inspect the generous gift of Dr. David Strawn. For many years, in fact, during its entire existence, the Jacksonville Art Association had no home and was, in a measure, like the ark of the covenant, abiding in tents, until the construction of the temple by King Solomon.

With a generosity which will ever redound to his credit, Dr. David Strawn presented the society with the ancestral mansion on West College avenue and now the society has a home which it can call its own. The name of the donor will be handed down to posterity as one of the men whose generosity made possible a center for the art association of Jacksonville, a place where the lovers of the beautiful may gather and where may be preserved the works which will be an education and a source of pride for future generations. Mr. Strawn's name will be ranked among those of the benefactors of the city.

The reception was attended by hundreds of the residents of the city and all were loud in their praise of the enterprise. In the receiving line were Mrs. Mary Carriel, president; Mrs. Louise Pitner, first vice president; Miss Anna Brown, recording secretary; Miss Ella Trabue, Miss Nellie Knopf, Mrs. Stella Holm, directors; Dr. David Strawn and Gates Strawn, whose wife was one of the first members of the organization; Mrs. Louise Inglis, one of the directors, who was unable to be present.

The house was brilliantly lighted and all inspected the structure and expressed great appreciation for the fact that art had a home in Jacksonville.

Already a great many beautiful works of art adorn the walls and the hope is to add to the collection as rapidly as possible. Conspicuous on a mantle was the original charter of the association, a document forty-one years old. Some family portraits are there and the place is indeed attractive.

The art association has many ambitious plans in connection with the building. A part has been prepared for the new purpose and more work will shortly be done. Some of the walls have been tinted and other improvements and repairs have been made.

It has been suggested that it would be fine if the building could be made the home of many of the organizations of the city, the woman's club, the daughters of the Revolution, the various art and literary clubs, all could be so well housed there if it can be arranged satisfactorily. It has also been suggested that a part of the rooms could be profitably used for historic collections. Jacksonville should by all means have something of this kind. Many articles pertaining to the early days of the vicinity are now held by some who prize them but little and would willingly loan them permanently for exhibition in this place.

The future of the David Strawn Memorial will be watched with interest and deep gratitude to the generous giver.

COLD WAVE IS RECORD BREAKER

TEMPERATURES LOWER THAN EVER KNOWN FOR NOVEMBER

Wave Reaches Southwest Into Interior of Texas—Is Expected to Diminish in Intensity as it Moves Eastward—Six Inches of Snow in Wisconsin.

Washington, Nov. 13.—A cold wave with temperature at various places lower than ever before recorded in November, overspreads the region west of the Mississippi river today and will move eastward to the Atlantic coast. Sheridan, Wyoming, reported the lowest temperature with 26 degrees below zero, Lander, Wyo., 24 degrees below zero and Cheyenne, Wyo., Yellowstone National Park and Havre, Mont., 20 degrees below zero.

The intense cold reaches southward into the interior of Texas. Weather bureau officials today said the cold wave perhaps would diminish in intensity as it moved eastward. Its movement and intensity was somewhat dependent, they pointed out, upon the West Indian disturbances which was reported this morning in the Caribbean Sea in the vicinity of Swan Islands.

Rain and snow probably will precede the cold wave in the north Atlantic states, Great Lakes region, Ohio valley and Tennessee.

Cold Prevails in Iowa
Des Moines, Ia., Nov. 13.—Cold weather prevailed throughout Iowa today and snow was reported from many places by the local branch of the United States Weather Bureau.

In Rocky Mountain Region.
Denver, Colo., Nov. 13.—The first cold wave of the season brought new records for cold weather in November in the Rocky Mountain region today.

New Records for November were reported from three points—Cheyenne, Wyo., 16 below zero; Rapid City, S. D., 12 below; and Grand Junction, Colo., 8 below.

Six Inches of Snow Reported.
Wausau, Wis., Nov. 13.—With six inches of snow on the ground and the storm continuing, Wausau today is in the grip of one of the severest blizzards on record this early in November.

MARRIAGE ANNOUNCEMENT.
Invitations have been issued for the approaching marriage of Miss Jennie Lovell to Geo. F. Clayton, both of Murrayville. The ceremony will take place at the Lovell home, southeast of Murrayville, Sunday evening, Nov. 19th.

SEWING SOCIETY OF FIRST BAPTIST CHURCH

Annual Meeting Held in Parlors of the Church and Officers for the Year Chosen.

The sewing society of the First Baptist church held their annual meeting in the parlors of the church Friday at 3 o'clock.

The devotional exercises were conducted by Mrs. Price who read selections from St. Matthew's gospel, followed with prayer by the oldest member, Mrs. Blunt.

After reports of committees which showed a most successful year's work the officers were elected as follows:

President—Mrs. L. C. Coleman.
First vice president—Mrs. Hawes Yates.

Second vice president—Mrs. W. T. Spires.

Secretary—Mrs. A. E. Goltra.
Treasurer—Mrs. Sarah Price.
Assistant secretary—Mrs. Johns.
Chaplain—Mrs. Price.

Two poems were read by Mrs. A. A. Todd. Following is a portion of a verse written by the youngest member and also read:

The Years
In autumn many years ago,
Twenty fair ladies met to sew,
A plan which worked so very well,
For each one had a tale to tell.

As all the autumns wax and wane,
That autumn must have done the same,
And cozy hearth fires burned anew,
So that was when an interest grew.

Altho the raindrops often fell,
In numbers one can hardly tell,
And snowflakes blew about the door,
And winds would chill you to the core.

These ladies sometimes met to sew
In that dull basement down below,
For storms without they never feared,
By working hard their hearts were cheered.

Epilogue

The children, I appeal to them,
To take a lesson now and then,
Take care of all the things they bought,
And honor what their hands have wrought.

With reverence may they enter here,
The church house beautified each year;
The house where they may worship Him,
Who loved them, saved them, from all sin.

OVERTURNING BUGGY INJURES TWO GIRLS

Edith and Ethel Stewart, daughters of Mr. and Mrs. John M. Stewart and Ethel Rapsilber, of the Mound road, suffered slight injuries Sunday forenoon as they were going home from Sunday school, when their horse took fright at an automobile and overturned their buggy at the corner of South Sandy street and West College avenue. The two Stewart girls fared the worse, receiving cuts about the face and bruises about the body. The Rapsilber girl received only minor bruises. When the rig was overturned the top came loose from the body of the vehicle and the girls were left therein. The horse was caught a block further west, after it had turned into a private driveway.

The automobile, at which the horse took fright, is owned by Harvey M. Hopkins and was driven by Mrs. Hopkins. The car was coming down Sandy street from the north at the time that the girls were emerging from the alleyway, which intersects Sandy street between the square and West college avenue. The girls were taken to Passavant hospital by Harry Fowler, whose auto was standing near Dr. Howe gave the necessary surgical aid.

HIGH PRICES TO BRING NEW COAL IDEAS

Screenings Cost Less Than Big Lump and Can Be Mixed With Other Coal to Advantage.

The exceptionally high prices of coal will no doubt cause many consumers to use greater economy with their supply and also to burn sizes of coal that previously they have considered too troublesome to handle. The average citizen who burns soft coal in stove or furnace wants to have big, lumpy coal, forked and screened, whereas in reality coal less lumpy and with a certain amount of screenings will go further and cost less. It requires some little attention to burn coal that is mixed with screenings but it can be done successfully and at less cost than if the forked large size screening lump is used. To burn fine coal successfully requires more attention and a different handling of the drafts. In a steam plant any fireman will tell you that he gets better results from small coal of uniform size than he does from lump coal of varying sizes. Where a man firing a large boiler receives big lumps of coal as part of his supply he is almost certain to use a sledge or axe and thus reduce it to as nearly a uniform size as possible. Screened Carterville coal is now selling in Jacksonville at \$3.00 per ton and screened Springfield coal at \$4.50 per ton. The price of screenings is \$3.00 per ton, and as there is practically as much heat giving quality in the screenings as in the lump coal it can readily be seen that the consumer who goes to the trouble of mixing some screenings with his lump will effect a saving.

SERVICES CONDUCTED BY EPWORTH LEAGUE

"Win My Chum" Week at Centenary—Beardstown Man Will Address Meeting This Evening.

Of more than ordinary interest are the services being conducted by the Epworth league of Centenary church this week. The week is known as "Win My Chum" week. This evening Mr. Buck of Beardstown, district president of the Epworth league will be present and his talk will be along the lines of "Win My Chum" week and no doubt will hold much of inspiration to the members.

The services on Monday evening were in charge of young women from Illinois Woman's college. A program was carried out of much merit and was very enjoyable to those present. The program consisted of readings, voice and violin numbers and a number of short talks.

JOHN C. RICE ELEVATED TO SUPREME BENCH

Former Resident of Jacksonville Honored by Voters of Idaho.

At the recent election John C. Rice, formerly of this city, was elected a justice of the supreme court of Idaho. Mr. Rice is a brother of A. C. Rice and Walter Rice of this city. After graduating from Illinois college in 1881 he took a law course at Cornell university and almost immediately thereafter went to Idaho. He became a resident of Caldwell, where he has devoted his time to the practice of law and banking. For years he has been one of the most prominent attorneys of the state and it is not surprising that he has been accorded the high honor of election to the supreme bench of the state.

COUNCIL RECEIVES SIDEWALK BIDS

Will Construct Improvements Where Property Owners Refuse to Act—Relief To Be Given Anna Street Residents.

When the city council met Monday morning the first matter given attention was the petition relative to the condition of Anna street near Main street. This petition, which is signed by residents of Anna, Sandy and West streets, sets forth that following a rain Anna street is almost impassable because it is lower than the level of Main street and there are no side walks. The council referred the petition to Mr. Cox with power to act.

It was explained by Mayor Rodgers that permanent relief could not be given until after South Main street is paved, but it was the unanimous wish of all the council to make some temporary improvement which will relieve the condition for this winter and the spring months. The persons who signed the petition suggested that if it was granted they would certainly "remember all the city council in their prayers."

Motor Repairs Made.

Mr. Vasconcellos reported that a motor at the north side pumping station which had been out of commission is now in working order again and water is being pumped from all five of the wells. The plant has been crippled for several weeks and only four wells have been usable. This has resulted in an unusual demand upon the lake and the supply there is getting somewhat low. The commissioner also reported that the main had been lowered on Hardin avenue near Superior where it was near the surface and a hydrant installed for fire protection.

Bids have been received by City Clerk Pyatt for the construction of sidewalks on East State street where property owners failed to comply with the order of the city to put down the walks. Simon Fernandes, one of the bidders, was present and Mayor Rodgers explained to him the conditions under which the bids would be received. The city has sent notices to property owners on East street and various other streets where sidewalks are needed and following the lapse of thirty days if the property owners do not signify their intention to comply with the city order, it is the right of the city to advertise for bids, lay the walks and the cost becomes a lien against the property. The city does not assume the obligation of paying for the walk but if payment is not made, the amount will be certified to the sheriff for collection with other taxes.

At the suggestion of Mr. Fernandes the bids were not opened at that session, as he knew of a number of property owners who had simply delayed the matter of letting the contract for the work in front of their property. The city is not demanding that the work be done this fall as it is now quite late, but is requiring that property owners signify their willingness by awarding the contract to some contractor for the work to be done next spring.

Side Walk Bids Opened.
At the afternoon session the bids were opened. Otis Hoffman made a bid of 12c a square foot and Simeon Fernandes 10 1/2c where the property owner retains the brick in the present sidewalk, or 9 2/3c if he becomes the owner of the old brick. These prices are subject to a discount of 6 per cent for cash. The contract was awarded to Mr. Fernandes to lay walks in front of any property on East State street where the owners refuse to comply with the city order. The same action will be taken with reference to other streets.

Thanksgiving Time Is Dining-Room Time

Whether you are planning on Thanksgiving festivities in your own home or not—this is the logical time of the year to brighten the dining-room—for Thanksgiving ushers in the long season of hospitality and entertainment in which the dining-room will play a very important part.

Naturally you will want your dining-room to look its best—for it is here that your guests will receive their impression of your home.

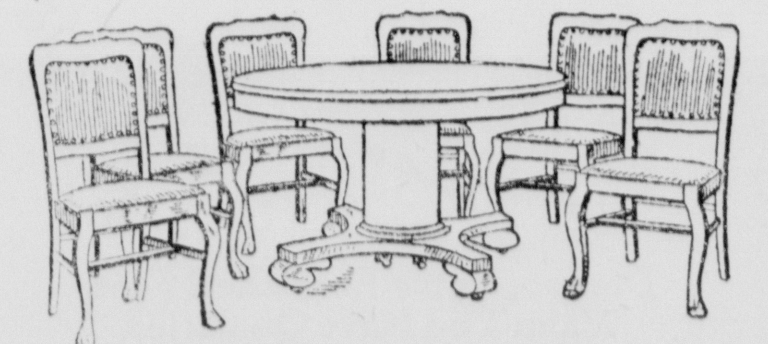

Perhaps new curtains are needed—or a new rug or possibly a new dining table or new chairs—or a serving table—or a dinner wagon. Whatever is lacking should most logically be supplied now.

No matter how little or how much you may be prepared to pay for any dining-room furnishing requirement, we believe it will pay you, not alone from a standpoint of dollars and cents, but from the standpoint of "desirability" and "fitness for your needs"—to rely on the Andre & Andre store.

Everything here is marked in plain, readable figures, one right, lowest possible price to everybody all the time. We suggest that you make value comparisons.

You will always be cordially welcome here, whether you come to buy or just to look.

Some very helpful suggestions for the furnishing of the dining-room are offered in one of our windows.

Never before have we shown such a large and varied line in Colonial, Period and Straight Line.

We offer special in golden quartered white oak, chairs upholstered, seat and back, in best grade brown Spanish leather, similar to illustration. For the six Chairs and Table, Thanksgiving special \$65.00

THE MIGHTY SHIELD AND BUCKLER

In mediaeval days when armed foes met in belligerent strife, victory was the reward of the best equipped, accoutred and PROTECTED. PROTECTION against the dings, arrows and javelins of the enemy was the deciding element between victory and defeat. The chief element that decides between good and bad health, is PROTECTION AGAINST DISEASE. We are all prone to be more or less lacking in the care of our health, and all too often overstep the bounds of resistance against disease, and find ourselves suddenly "checked up" and facing a "spell of sickness" that proper preparedness might have entirely prevented. WHAT IS PREPAREDNESS? It is S. S. S., the GREAT NATIONAL BLOOD PURIFIER, that builds the new tissue, purifies and revitalizes the blood. If you are afflicted with the S. S. S. armor—the "mighty shield and buckler" against disease. Write at once for free book on BLOOD AND SKIN DISEASES or write to our MEDICAL ADVISORY DEPARTMENT for free advice.

WILSON'S RE-ELECTION WELCOMED BY JAPANESE

Tokio, Nov. 13.—The re-election of President Wilson is welcomed by the Japanese press, which praises his peaceful disposition and believes his continuation in office augurs well for the furtherance of American-Japanese friendship. Business circles are pleased, as they feared a Republican protective tariff would be a blow to Japanese exports to America.

BILLY SUNDAY READY FOR BOSTON CAMPAIGN

Evangelist and Party Receive Cordial Welcome in Effete East—Tabernacle One of Greatest Ever Built Is on Old American League Grounds.

Boston, Mass., Nov. 13.—With a check of five figures in his pocket, representing Detroit's farewell tribute, "Billy" Sunday stepped off the inbound train from the west at the Huntington avenue station and into the arms of thousands of enthusiasts waiting to welcome him to Boston, where he begins his first evangelistic campaign in New England.

Policemen had to hold the crowds back at the station. The campaigner sang hymns and the others cheered. "Billy" with a broad grin, plunged through the throng and into a machine provided free by an automobile company.

At the side of the famous evangelist was "Ma" Sunday, who appeared equally pleased at the enthusiasm of their welcome. Trailing behind the couple were the other members of the party, including business attaches, musical directors, choir leaders and personal attendants. Some of the ministers included in the reception committee, pastors of little New England churches who have managed to lead their flocks without salaried assistants, were somewhat taken aback by the sight of the small army of assistants accompanying the evangelist. There were fourteen of them, not counting the several who had been sent on in advance to blaze the trail for the trailblazers.

Watching the unloading of the Sunday baggage, someone remarked that it reminded him of the unloading of a circus train. There were trunks and trunks, more than enough to fill an auto truck. Included in the lot was the famous "sermon barrel" as the evangelist calls the trunk of sermons, with copies for the local press. Other trunks were filled with the business suits, afternoon suits, haberdashery and trimmings that have marked Sunday as one of the best dressed men in America.

After seeing that everything was attended to, the party was whisked away in automobiles to the big brownstone mansion which will be their home during the next few weeks. The house is far more pretentious than the quarters which have been furnished the Sunday party in some of the cities they have visited in recent years. It is the old home of a former governor of Massachusetts and is located on one of Boston's famed streets, on one of the streets catalogued in the Blue Book.

The arrivals found everything in readiness for them. The ice box had been filled, the larder well stocked with edibles to furnish "Billy's" favorite dishes, the living rooms were adorned with fresh flowers—in fact, nothing had been overlooked that would contribute to the comfort and convenience of the newcomers. In supreme charge of all the domestic arrangements was Mrs. Rose Foults, the housekeeper of the Sunday revival family, who had arrived a week ahead of the party to superintend things.

Mr. Sunday expressed himself as well pleased with his welcome and with the outlook for his Boston campaign. If sufficiently rested after his journey, he expected to take a run over to Cambridge in the afternoon to see the Harvard-Princeton football game. Tonight he is to confer with the various local committees and perfect the final details for the opening of his fight "to drive the devil out of Boston." The first gun will be fired tomorrow afternoon. As the battle progresses he intends to bring his heaviest artillery to bear until the good old town is ripped wide open.

For two or three or four weeks he expects to keep on preaching to the undiminished thousands. Public interest in the campaign is already at fever heat. The local Baptists and ministers of numerous other denominations are lending their cordial support. Some of the others, notably the Unitarians, are holding aloof. But "Billy" is confident they will warm up before the battle is over.

The tabernacle which has been constructed at the campaign is the largest in which Mr. Sunday has ever held forth. It occupies the entire grounds of the old American league ball park in Huntington avenue. According to all present signs the crowds that will gather to hear the Sunday sermons will be larger than ever assembled on the same site to see a baseball game. Already delegations are arranging to come from all over Massachusetts, and from New Hampshire and Vermont and Maine and other New England states.

Those in sympathy with the movement declare that Boston is on the eve of a "great awakening." Others less religiously inclined are interested, nevertheless, even though their interest may be based solely on their expectation of seeing "the best show in town."

FRENCH AERONAUT DESTROYS TWO MACHINES

Paris, Nov. 13.—Second Lieutenant Georges Guynemer, the French aeronaut, who recently brought down three German airplanes in two minutes and thirty seconds by a stop watch, is credited by the office in today's statement with having destroyed two German machines yesterday. PUBLISHES FURTHEST NORTH MAGAZINE

"THE ESKIMO" MAKES APPEARANCE NEAR ARCTIC CIRCLE.

Leading Article of First Issue Asserts Eskimo Is Vital Factor in Wealth of Country.

Washington, Nov. 13.—A farthest north magazine, published near the Arctic Circle, has made its appearance under the title "The Eskimo," and is devoted to the interests of Eskimos of the Northwestern District of Alaska. It is published at Nome by teachers and others of the United States Bureau of Education who have been formally congratulated by P. P. Claxton, United States Commissioner of Education, for their enterprise.

In the leading article of its first issue written by Superintendent Walter C. Shields of the Education Bureau, it says:

"The Eskimo is not dependent. On the contrary, he is, even in his present condition, a real and vital factor in the wealth of the country. He has never received a ration from the government; he can support himself, not always according to our standards it is true, but it is better for him to eat strictly native food than for him to learn to expect the government to support him.

"The wail so often heard from ignorant but presumably charitable people, 'Why don't you give the poor people some food?' If heeded, would make paupers out of a self-supporting and noble race. We are proud of the fact that we have not fed the Eskimo. We are proud of him as a man because he feeds himself.

"One reason why primitive races have so often been pushed to the wall by the white race has been that the white race have coveted and needed the land. As far as we can see, for years to come the white man will not make any attempt to push the Eskimo off his part of the map. While there will undoubtedly be developments in mining, yet for a long time to come the Eskimo will have plenty of room in Northern Alaska. Therefore, even if this northern part of Alaska, through some unexpected development, should become desirable for a large white population, we believe that with what development the Eskimo has already received, and the additional development that even five years more of undisturbed possession of his northern fastnesses will give him, he will be well fitted to meet advanced economic conditions.

"We of the Alaska school service are helping to bear the white man's burden; we do not claim to be ministering to a dying race; we want no praise as helpers of the weak or as ministers to the downtrodden who are dying in filth and degradation. We do not allow anyone to class us in these categories. That class of work is entirely humanitarian and is properly the duty of the missionary organizations. But as representatives of the government we claim the right of our service to exist because we are developing the resources of Northern Alaska just as much as any man with a pick and pan. We are adding to the wealth of the nation just as much and as surely as any prospector or trailmaker. We are making a country productive just as much as any reclamation project that was ever managed by the government."

UNION BAPTIST SUNDAY SCHOOL

One of the "Evergreen" Sunday schools of the county is that of the Union Baptist church near Pisgah. The school is in a flourishing condition and is wide awake and active. Adults as well as young attend. One especially happy feature of the school is the fact that the children generally all stay to church which immediately follows the school. We are creatures of habit and if the church going habit is not formed in childhood it is not very likely to be acquired later in life.

The classes are called on at the end of the lesson to offer some thought or truth they have gained by the recitation and the result is very gratifying.

Then all are encouraged to read the Bible and at each session of the school the number of verses read by the children is reported. Last Sunday it was about a thousand. A. A. Coffey is the faithful and efficient superintendent and has held the place for 22 years and gives good satisfaction.

The teachers are interested and the school prosperous.

LITERBERRY

Mr. and Mrs. M. M. Crum took dinner Sunday with the Martin family near Ebenezer.

Mr. and Mrs. M. O. Petefish of Golden Green spent Sunday with Mr. and Mrs. Frank Gish, the parents of Mrs. Petefish, in the Grace Chapel neighborhood.

Mrs. Earl Rexroat and son Alden Earl, of "The Maples," are spending a week at Marshall, Missouri, with relatives.

Mr. and Mrs. Earnest Little and children of Beardstown and Isaac Reeves of Salem, took dinner with the Scribners Sunday.

Friday, Mr. and Mrs. G. H. Crum, Mr. and Mrs. J. M. Luter, Mr. and Mrs. M. M. Crum and Rev. Crabtree, drove to Hebron church to see the late improvements they report the building a good one, and the work artistic and beautiful.

The meetings at the Baptist church are still being carried on, the pastor preaching strong sermons, holding up the bible as the grandest and best book ever given to men, and Christ the only salvation whereby we can be saved.

The Young Brothers, Earnest, Willard and John, were called to Ardenville Wednesday to attend the funeral of their uncle, Joseph Dwyer.

The Literberry M. E. society met with Mrs. Mabel Clark on Wednesday The program.

A Scripture reading by Mrs. C. A. Beavers, 3rd chapter, 2nd Corinthians.

Prayer, by Mrs. Obermeyer. Our worthy treasurer, Mrs. Deatherage gave a monthly report on finances; also on the Clark sale which brought the society about \$16.00.

A bazaar and oyster supper were planned.

Reading, "The Puritan Fathers," by Mrs. A. E. Obermeyer.

Reading, "Thanksgiving," by Miss Ethel Sorrels.

A new member, Mrs. Nathan Neil, was added to the society.

Twenty-five persons were present and all pronounce the refreshments as very good. Oysters were served first, in their best dress; second course, cake and coffee. There was a good offering. Mrs. Clark is a genial, sunny person, and a good entertainer.

The Literberry Baptist Aid met on Thursday at the home of Mr. and Mrs. Ellis Thompson, north of Ardenville. Our worthy president read the Ten Virgins, after which there were several sentence prayers.

Song.

Business Plans were perfected for the annual bazaar sale and cafeteria supper, which will come off on Thanksgiving eve, Wednesday, the 24th of November, 1916.

The hostess served refreshments of splendid oyster soup, rich and hot, with all the trimmings. Second course, fruit and coffee. Mrs. Thompson is a very pleasant hostess and we all like to visit her. 15 members were present and a good offering was taken. The next meeting will be at Allegretto Farm, with Durrell Crum.

Word comes to us of a pretty little bird who has come to live with Mr. and Mrs. Ed Rexroat at "Bonnie View Place." This little miss came about two weeks ago, and is well pleased with her new home, and especially with her big sister, Miss Katherine and her splendid brothers, Eugene and Paul. We call her Marguerite Dawn. A friend calls these Rexroats, "the happy family."

Mrs. F. M. Crabtree and baby of White Hall came to Literberry Saturday and attended church Sunday, visited with her husband, Rev. Crabtree, returning to her home Monday.

Rev. F. M. Crabtree and wife were in the city yesterday. Mr. Crabtree is conducting a protracted meeting in the Baptist church at Literberry and Mrs. Crabtree went on from their White Hall home to spend a few days and returned home yesterday.

DEMAND INVESTIGATION OF THE HIGH COST OF LIVING

Columbus, Ohio, Nov. 13.—The executive board of the United Mine Workers of Ohio, representing 50,000 wage earners, has addressed to President Wilson and Governor Willis of Ohio a copy of a resolution adopted by miners' officials demanding that the various branches of the state and federal governments conduct an investigation of the high cost of living.

The miners' officials declare that the earnings of the wage earners are not sufficient to purchase the necessities of life for even a small family.

WOMEN IN THE NEWS

Miss Clara Catherine Heywood of Philadelphia, only 19 years of age, is given the palm as the greatest woman billiard player in America. Miss Heywood began playing at the age of sixteen and has had a teacher Harry Cline at one time three-cushion and 18.2 ball line champion. Kline is enthusiastic about his pupil and says that if a national woman's billiard tournament was arranged she would undoubtedly be the winner.

Alfred Weinholz, girl telephone operator, is the heroine of Excelsior, Minn., since she recently saved the village from destruction by fire by sticking to her switchboard in the burning telephone exchange and calling all of the ten members of the village's volunteer fire department. The first firemen to arrive on the scene found the girl unconscious at her post in the burning building, from which the blaze was quickly spreading to its neighbors. All telephone communication was soon cut off in the village, and without the heroic risk taken earlier by the girl the firemen could never have mastered the danger.

Mrs. Emma Wilkins of Winnipeg, Manitoba, has lost six sons, three step-sons and a brother-in-law in the present war, and her sister went violently insane when she heard that her husband, a naval lieutenant, had been killed in the naval battle off Jutland last May. Mrs. Wilkins is a native of England. Her first two sons to be killed were in the very first expeditionary force to be landed in France by Great Britain, and met their death at Mons.

Miss Maria Dolores Estrada, a Mexican girl who has been residing in Washington, D. C., for some time, has been granted the first grade ever granted to a woman in the United States. Miss Estrada is an expert telegrapher and "did her bit" in the Mexican revolution as a telegraph operator. She served on the official staff of Gen. Carranza and at one time was nearly captured by Villa, who had heard of her talents and wanted to have her with him. When Villa invaded the Mexican capital after his break with Carranza, he made a special search for Miss Estrada, who was hiding in a cellar in Chapultepec Castle. It was on the suggestion of Carranza that she came to Washington nearly a year ago, to escape the perils of the revolution, and also to learn English. She decided to learn wireless telegraphy at the same time. Undaunted, this courageous little señorita, who was once captured by the Huerta followers and kept a prisoner twenty-two days with nothing to eat but mildewed bread, says she will soon return to her native land, the matters are far from being settled there yet.

Mrs. Nellie L. McClung of Edmonton, Alberta, called "the woman orator of Canada," is at present the guest of prominent suffragist and other feminine organizations in the United States, where she is on a speaking tour. Mrs. McClung is one of the leading women of Canada, both as a writer and speaker, and is given a large share of the credit for the enfranchisement of women in the three provinces of Alberta, Saskatchewan and Manitoba within the last year. As a result of the activities of Canadian suffragists in which she took the leading part, Ontario, Alberta, British Columbia, Saskatchewan, New Brunswick, Nova Scotia and Prince Edward's Island have now joined in the preliminary arrangements toward the formation of the Dominion Equal Franchise board the object to be full suffrage for the women of Canada. Mrs. McClung is a native of Ontario and was educated at the College Institute of Winnipeg. She is the author of three books and numerous short stories, poems and essays. She is the proud mother, besides, of five gifted children.

Miss Annie R. Roe, chief of the numbering division of the bureau of engraving and printing of the U. S. Treasury Department at Washington has been for over half a century in the employ of Uncle Sam and is not yet tired of her boss. Miss Roe entered the bureau in June, 1865, when the Government of the United States was responding in rather a hesitant manner to the appeal of women for entrance into its corps of workers. She was a pioneer in the field where over 15,000 women now make their living. Miss Roe directs the last stage of the many processes which turn raw pulp into U. S. currency, superintending the numbering, sealing and separating of all notes before they are taken to the Treasury of the United States to become legal tender of the nation.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—
—Most Women Can Have

Says Dr. Edwards, a Well-Known
Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets, you will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system. If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-go feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results. Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

LITERBERRY SCHOOL MAKES GOOD PROGRESS

Two Instructors There Have Many Pupils Under Their Care—Building is Well Equipped.

Morgan county has many thriving communities of which she has reason to be proud and Literberry is one of them. Situated on the line of the C. P. & St. L. road ten miles north of the county seat, it is surrounded by some of the best farming lands in the state which are occupied by enterprising men. Their children in education too in that region and just outside the city limits of Literberry the temple of learning is located away from the din and tumult of the city where pupils may be free from the temptations of urban life. A good concrete walk has been laid to the place so that the pupils may now keep out of the mud in getting there. The instructors are Messrs. Austin Beavers, John Hitchens and G. A. Dunlap, and they are enterprising men.

A few days since the writer had a pleasant visit there and looked over the place with interest. Some trees adorn the school lot and are very grateful shade when needed. The men who set out the trees on such premises are to be commended for their labor for the future in a way which cannot be overrated. The outbuildings are in fair repair and the exterior of the schoolhouse is neat, rejoicing in fresh paint all right. Prof. A. B. Rochester is the head of the advanced department and Miss Mary Wright has charge of the smaller ones and all are capable, bright, lively boys and girls. The two rooms were put together and the visitor had the pleasure of telling the young people of lands beyond the sea and they seemed to appreciate what was told them and show interest in what was said. The school-rooms are supplied with some books and maps and the portrait of George Washington adorns the wall of the advanced room while some other pictures are also seen there. The rooms are heated by a basement furnace and seemed to be comfortable.

As the years go by more and more attention is being paid to the cause of education as it is now essential to success in nearly every walk in life. The man or woman who has not had such an advantage is suffering from serious handicap and the people of Literberry well know that fact.

Prof. Rochester has had years of experience in educational work and bears a good reputation in that respect. Miss Wright is also well up in her calling. The surroundings of this schoolhouse are excellent and if the parents and pupils do their part the school should be a success.

The pupils are, advanced: Thelma Litter, Olive Hitchens, Ethel Gaines, Carl Roach, Ivan Bateman, John Chapman, Mary McFarland, Helen Clark, Bertha Roach, Dean Chapman, Mabel Parks, Mauda Hixon, Mae Hiron, Olive Scribner, Barbara Cooper, Mary Belle Moul, James Alvin Dunlap, George Willis, Harold Petelish.

Primary: Russel Dunlap, Donald Chapman, Nellie Parks, Alma Lindsay, Alta Crum, Helen Young, Lily Young, Roy Gaines, Burton Olovyd, Earl Petelish, Raymond Long, Ada Scribner, Samuel Olovyd, Billy Dunlap, Oris Lindsay, Norwood Phelps, Elmer Long, Earnest Roach, Orval Chapman, Elizabeth Bernard, Norma Strickler, Glen Strickler, Hazel Strickler, Ruel Long, Mae Hixon, Mildred Underbrink, Mary Phelps, Jewel Phelps, Dochie Long, Bertha Olovyd, James Robert Beavers, Paul Petelish, Paul Phelps, Minnie Long, Landis Young, Myrtis Sorrels, Walter Goolsby, Lewis Goolsby, Clarence Bernard.

CHINA THEME FOR SUNDAY SERMON

Rev. L. J. Christian Heard by Large Audience at the Congregational Church—Gospel Tidings Bring Bette's ment.

A good sized congregation greeted Rev. L. J. Christian at the Congregational church Sunday morning. The theme was China to which he and his devoted wife are giving their lives. He dwelt especially on the moral conditions prevailing in that land and the changed attitude of the people toward missions. When Sherwood Eddy first appeared in that country he could hardly get permission to speak at all and only under great restrictions but on his second visit he was thronged with hearers and found good ground in which to sow the seed of the gospel.

People are not only willing to hear the truth but are glad to embrace it in most instances and the opportunities are now golden for missionary work there.

In Foochow, where his work is great progress has been made along many lines. As usual, the prevalence of the gospel is followed by great improvement in secular affairs and now they have electric lights in a part of the great city and many other evidences of advancement. They are improving the streets and are contemplating widening them and making them better.

Sad to say, in Japan, there is improvement owing to the trend given it by the missionaries many years ago but now there is a tendency to atheism. The people see the errors

"Gets-It" Never
Fails for Corns!

There's Nothing on Earth Like It For Corns and Calluses.

"Whenever you get corns and calluses, don't experiment—just use 'GETS-IT' and nothing else. Easiest and simplest thing I know to use—just a few drops on in a few seconds."

Only "GETS-IT" does the real thing. The old way is to bundle up your toes in harnesses and bandages, use knives that make toes raw, cotton rings that make your corns pop-eyed, knives and "diggers" that tear your heart out and leave the corn in. No wonder they make you limp and wince. Forget all these—use "GETS-IT", the simplest corn remedy in the world, easiest to use, never fails or sticks, painless. Your corn loosens, then you lift it off. You can wear smaller shoes.

"GETS-IT" is sold and recommended by druggists everywhere. 25c a bottle, or sent on receipt of price, by E. Lawrence & Co., Chicago, Ill.

Sold in Jacksonville and recommended as the world's best corn remedy by Armstrong's Drug Store and J. A. Obermeyer.

SHE LIKE'S IT!

ASK any housewife who has changed the family table drink from harmful coffee to helpful INSTANT POSTUM whether the change has been a success.

The answer may well induce you to make the change yourself.

Less "nerves," better temper, clearer complexion, improved digestion and steadier heart after a trial, demonstrate conclusively that the change from coffee to POSTUM is a wise move for the whole family.

"There's a Reason"

MAVERICKS

The election returns are now all in. There's signs of falling snow. We see no prospect of turkey. So guess we'll have to eat crow.

This is the open season for hunters.

Some of the candidates are still wondering what hit them.

Most of us the last few days have been heartily in favor of the Adams or any other old eight hour law.

There already is a noticeable coolness in the atmosphere since the campaign orators quit distributing their hot air.

There are lots of men in the country who have less faith in mankind since the election results became known.

Outside of election day and Thanksgiving there is nothing much to commend November.

As counters, the election judges in California, Minnesota, West Virginia and New Mexico stand in the stone age class.

It is probable that Florida will not be nearly so popular with New York city society as a winter resort since it went dry.

While everybody was watching the election results, the coal dealers pushed the price of coal up a few cents.

President Wilson may be a man of peace but he certainly subordinated the western states.

In the excitement attending the election we forgot all about the European war and one Mr. Villa.

The bible says that "The wages of sin is death." We know a lot of people who are several years behind time in getting what is coming to them.

Most newspaper men are of the opinion that what Sherman said of war is also applicable to elections.

Well, after all it doesn't mean much in our pocket no matter who is president.

LETTER TO PEOPLE
SHOWS PASTOR'S SPIRIT

Desire to Reach Men and to Broaden Usefulness of the Church—Influenced Dr. Tanner in Resigning From Pulpit.

Mention has been made previously of the resignation of Dr. Allan A. Tanner from his pastorate in Denver to enter upon other work. The full text of Dr. Tanner's letter of resignation which was recently made public makes very clear the high purpose which influenced his action. To the Members of the First Congregational Church, Denver, Colorado.

For over seven years I have been teaching clearly in this pulpit, however obscurely in my life. Just one truth, namely that Christianity is simply the study and practice of the law of love as taught by Christ—the truth of which the world certainly needs above all other truths. It seems to me that now I should throw upon you the responsibility of standing for that truth here in Denver, while I devote myself to preaching it in other cities as occasion may arise to the lecturing which I have had to abandon of late, and to the writing for which I have not yet had time. In connection with all this I shall probably resume in different parts of the country certain close-range investigations from which I turned aside some twelve years ago because I felt that they were inflicting undue hardship upon my family. There is now no reason why I should not give myself to special and perplexing lines of work which some must follow if religion and human welfare are to be advanced. I have long delayed my going because I seemed to be needed for a while here and at the People's Tabernacle, and to some small extent elsewhere in Denver, but now I must present my resignation, to take effect at your convenience between now and January first.

Please do not for one moment think that this decision indicates any lack of love for you or any failure to appreciate your wonderful goodness to me. It is harder for me to leave than for any of you to have me go. You have given me an absolute freedom of expression in this pulpit. You have changed the constitution of this church to accord with my convictions which you came to share. Three fourths of you who now are members here became such at my invitation. Old and new alike have been unwaveringly and indelibly loyal. In platform and spirit this is the very best church I know, a church which even if unable to reach Christ's high ideals, is pushing aside all substitutes for the religion which he taught. For me personally you have always sought to do more than I have been willing to accept. I shall never forget how you added to the comfort and the joy of the last years of Mrs. Tanner's beautiful life, or your constant kindness to the other members of our home. You are inexpressibly dear to me and will so remain. Whatever distances may come between us, we shall be held close together by the common effort to realize and to spread vital religion.

Very lovingly yours,

Allan A. Tanner.

10 CENT "CASCARETS"

BEST LAXATIVE FOR
LIVER AND BOWELS

Don't Stay Constipated, Headachy, Bilious, with Breath Bad or Stomach Sour

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable and uncomfortable you are from a cold, constipation, indigestion, biliousness and sluggish bowels—you always get relief with Cascarets.

Don't let your stomach, liver and bowels make you miserable. Take Cascarets tonight; put an end to the headache, biliousness, dizziness, nervousness, sick, sour, gassy stomach, bad cold, offensive breath, and all other distress; cleanse your inside organs of all the bile, gases and constipated matter which is producing the misery.

A 10-cent box means health, happiness and a clear head for months. All druggists sell Cascarets. Don't forget the children—their little insides need a gentle cleansing, too.—Adv.

ONE DOSE RELIEVES
A COLD—NO QUININE

"Fape's Cold Compound" Ends Bad Colds or Grippe in a Few Hours

Relief comes instantly. A dose taken every two hours until three doses are taken will end grippe misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages in the head, stops sneezing, discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed up! Quit blowing and snuffling! Ease your throbbing head! Nothing else in the world gives such prompt relief as "Fape's Cold Compound" which costs only 25 cents at any drug store. It acts without assistance, tastes nice, causes no inconvenience. Be sure you get the genuine.—Adv.

RELIEVE HEADACHES
WITHOUT DOSING

By Applying Sloan's Liniment To Forehead You Can Stop the Severe Pains

Many headaches are of a neuralgic origin. The symptoms of such headaches are intense and lingering pains in the brow, temples of back of the head.

There is one certain relief that has been known and recommended for years back, Sloan's Liniment. One application and the dull pain is practically gone. It is easily applied without rubbing. Rubbing is unnecessary, as Sloan's Liniment quickly penetrates to the seat of trouble.

Aching muscles, rheumatism, bruises, lumbago, chilblains, sprains and stiff neck can also be most effectively treated with Sloan's Liniment. Cleaner than musky plasters or ointments; it does not stain the skin or clog the pores.

At all drug stores, 25c, 50c, \$1.00.

Greatest enemies of your TEETH

—are Pyorrhea and decay.

Both usually develop only in
the mouth where germ-laden
tartar is present.

"But I brush my teeth," you
say. Yes, you brush them,
but do you REALLY CLEAN
them?

Tonight, after brushing your teeth, go
to the mirror and examine them. In all
probability you will find an accumula-
tion of tartar on the enamel and bits
of food deposit hiding in the crevices.

Senreco, the formula of a dental spec-

ASSOCIATED PRESS CORRESPONDENCE

London, November.—(Correspond-
ence of the Associated Press.)—The
following letter, circulated by author-
ity of the war office, constitutes an
interesting review of the work of
the Sixteenth (Irish) Division. The
letter, which was written by a major
of the Sixteenth Division, addressed
to the editors of the London newspa-
pers, is quoted in part as follows:

"The Sixteenth Division established
two years ago in response to the
appeal of the Irish Nationalist lead-
ers, has well justified its existence
and has a record of service of which
Irishmen are proud. Composed of
battalions of all the well known Irish
regiments, the division left for
France in December, 1915, under
command of Major General Hickie.

"The division was employed in
holding portions of the line and in
completing training till March 25.
On the 26th of March the division
took over as a whole the Loos and
Hulluch sectors and held them with
out a break or a rest of any kind.
The division was opposed by Bava-
rian divisions—good fighting men
who had never been severely mauled
in previous fighting; whose morale
was high. Our trenches were battle-
built and battle-sited, the result of
the British advance in September,
1915. The German trenches were
those of their second line, which had
held up that advance at the end of
the battle. They had been most care-
fully and tactically sited and prepared
with great labor. The wire was very
thick and strong. Every advantage
of ground and position lay with us.
In spite of this and of several strong
hostile attacks the division never lost
a trench. Twice only during these
six months did the Bavarians gain
an entry into our trenches, on both
occasions they were driven out with
losses.

"The division withstood on the
27th and 29th of April two very
severe attacks, in which the enemy
used poison gas in its most concen-
trated form. On the latter of these
two occasions the division suffered
heavy casualties, but Providence was
on our side, for the wind suddenly
changing, the gas blew back over the
German trenches, where the Bava-
rians had already massed for attack.
Taken by surprise, they left their
front line and ran back across the
open under the heavy and well di-
rected fire of our artillery. In one
battalion of the Bavarian Infantry
regiment the losses from their own
gas and from our fire on that day
were stated to be by a deserter over
800 and the diary of a prisoner of
another battalion captured on the
Somme in September states that his
regiment also had about 500
gassed cases, a large number of
whom died.

"The division was subjected to sev-
eral severe bombardments during the
months of May and June. It was of
common occurrence for the enemy to
send from 2,000 to 5,000 5-point-9
shells in a day. The division carried
out many raids, the greater number
of which were successful. A good
number of Germans killed, some pris-
oners taken and considerable dam-
age done to the hostile lines. The
main result of these raids was to in-
crease the moral superiority of our
men. From December in the Loos
sector the division had considerable
casualties in officers and men, the
result of constant trench warfare.

"Orders were received for the di-
vision to proceed to the Somme. They
were relieved that night and marched
back for two days in pouring rain to
the railway stations in the rear. Ar-
rived at their destination, they
marched up in the rain to the camps
in the rear of the battle area. On
September 1 one brigade moved for-
ward to relieve worn-out troops of
another division and the brigade took
part in the assault on Guillemont.
Two battalions of a brigade lent for
a special purpose to the division the
corps right were used in the attack
on the Combes trenches and in the
advance thru Louzy wood. On the
afternoon of September 9 the assault
against Ghinchy and the hostile
trenches east of Guillemont took
place. The losses sustained between
the 1st and 10th of September were
in proportion to the extent and gal-
lantry of the work done.

"During the eleven days which the
division was engaged on the Somme
they shared largely in the capture of
Guillemont and took Ghinchy—two
strongholds which had defied the ef-
forts of our troops for some consid-
erable time—and they repelled sev-
eral counter-attacks of more or less
severity. The losses inflicted on the
enemy in prisoners, killed and
wounded, were considerable—600
prisoners being taken at Guillemont
alone. The spirit, courage and deter-
mination of the men and displayed
by all ranks during the operations
was beyond all praise.

"On the night of September 7, af-
ter the capture and consolidation of
Ghinchy, the relief of the division
went into a back area. On the 20th
orders were received for it to take
over a new line. This relief was com-
pleted on the night September 23-24.
A new chapter of the division's his-
tory, already remarkable, has com-
menced. I am informed by the di-
visional commander that on every oc-
casion when the division left a district
the French civil authorities, headed
by the mayor and cure, have called
upon him to express their admiration
and appreciation of the conduct of
the troops and of their deep religious
feeling which was constantly evi-
denced.

"The behavior of the division has
been exemplary and both officers and
men have shown on all occasions the
utmost gallantry and devotion to
duty. The number of military hon-
ors won by the division is over three
hundred. This includes two Russian
honors, Lance Corporal T. McMa-
hon, Royal Munster Fusiliers, was

ond class, equivalent to our Victoria
Cross, and Lance Sergeant I. Court-
ney, Royal Dublin Fusiliers, receiv-

"There were two proved cases of
desertion in the division. In both
cases the men were subsequently
found taking their full share in the

fighting at Ghinchy. On one occasion
the division found itself side by side
holding the line with the Ulster di-
vision and when they met from time
to time the best of good feeling and
comradeship was shown as between
brother Irishmen.

"Such in brief is the record of the
first two years of the existence of the
Sixteenth (Irish) Division, composed
as it is like other divisions, of men
the overwhelming majority of whom
had absolutely no experience of sol-
diering when they joined from all
parts of Ireland.

"It remains to be said that the
Sixteenth division needs reinforce-
ments at once. It would be a thou-
sand pities—indeed, it would be a
betrayal of the heroic dead—if the
division which has brought so much
honor to the Irish name—ceased to
be Irish. This must inevitably hap-
pen unless reinforcements come from
Ireland.

The Hague, Netherlands, Nov.—
(Correspondence of the Associated
Press.)—Peaceable, unaggressive
Holland, has caught the annexation
fever. It proposes to annex a twelfth
province from its old enemy, the sea.

It proposes to entrust its navy
army of hydrographic engineers with
the task of bridling the waters of the
Zuyder Zee, snatching 523,575 acres
of agricultural land from its embrace
and converting the remaining 362,
000 acres into a freshwater lake. For
the present, the scheme just em-
bodied in a government bill is re-
stricted to the reclamation of some
133,050 acres, and is estimated to
cost a total sum of \$44,000,000,
whereas the estimate for the com-
plete reclamation scheme is \$88,800,
000. It is computed that even the
restricted scheme will require fif-
teen years.

In its main outlines the project,
which has been evolving ever since
the year 1849, is a simple one. The
Zuyder Zee is a large, shallow arm of
the North Sea that breaks into the
northern part of the Netherlands in
a southeasterly direction and laps
the shores of five provinces, widen-
ing out into a big circular basin.
Across its mouth lies a string of is-
lands which, before the great floods
once formed the coastline and the
limits of the sea's domain. Some lit-
tle distance inside this line a mas-
sive dike is to be constructed in nine
years time, from shore to shore, right
across the entrance to the bight.
Starting a few miles below the well-
known naval base of Den Helder, on
the coast of the province of North
Holland, it will cross the narrow
strait of the Amsterdam to the island
of Vlieland, thence going straight
through the sea north-eastwards to
a spot near Piaam, on the Frisian
coast. The entire dike, including the
intervening small island, will be 25
miles in length, as compared with
the 200 miles of coastline that it
supplants.

Out of the lake thus formed, it is
proposed to construct four separate
"polders" or drained basins, though
only the smaller ones, the northwest-
ern and southwestern, located above
Amsterdam, are actually included in
the bill laid before Parliament. The
northeastern and southeastern pold-
ers will be situated on either side
of the channel through which the
River Yssel will reach the newly-
formed "Yssel Lake" and their re-
clamation will probably take another
15 years or so beyond the time stat-
ed. This island lake will also receive
the outflow of the other rivers and
waterways at present emptying into
this portion of the Zuyder Zee. It
will form a basin so low that even
when the spring tide is beating
against the northern outer dike those
inland waters can flow into it and
without prejudice or danger, remain
there for a few days when it is not
possible to discharge immediately
through sluices into the sea.

Among the various problems aris-
ing is provision for the needs of ship-
ping. A broad channel of the lake
will still run up to the port of Am-
sterdam, and in order to preserve
communication between the two sev-
eral parts of the Zuyder Zee locks
are to be built on the island of Wier-
ingen, while a canal running along
the inner side of the Frisian sea dike
and issuing south of the enclosing
barrier will meet the needs of ship-
ping between Harlingen, Terschel-
ling and Vlieland and the enclosed
part of the Zuyder Zee. The har-
bors falling within the latter area
will have to be deepened, while pro-
vision is made for an indemnity of
\$2,400,000 to the Zuyder Zee fisher-
men for the damage inflicted on
their interests by the conversion of
the present open sea into a fresh wa-
ter lake of less than half the size.

The great question is: Can this
great project be made a remunera-
tive one? In the opinion of the gov-
ernment and its advisers it can. To
set against the total expenditure for
the whole scheme of \$88,000,000, in
the first place there will be the enor-
mous benefits and saving of money
which it will mean to the entire wa-
ter protection and drainage systems
of the surrounding provinces. The
coastline to be defended from the
inroads of the sea will be shortened
by some 180 miles, and in place of an
arm of the North Sea in the center
of the country, with its sharply
changing water conditions, there will
be a fresh water lake with a much
more settled water level, low enough
for a proper draining of the sur-
rounding region. Out of this lake, too,
the provinces of Friesland and North
Holland can obtain a plentiful sup-
ply of fresh water, a long-felt need.

But beyond all this, there is the
resulting 486,025 acres of fertile
land, here, where the waves now
wash, will appear smiling meadows
with browsing cattle, and the finan-
cial yield alone will probably be
sufficient to cover the entire cost of
the scheme. Of the two reclamation
plans included in the present bill,
the northwestern or Wieringen pold-
er consists of very good clay ground,
and the southwestern or Hoorn pold-
er of the very best clay soil. More-
over, these are the most favorably
situated for a speedy agricultural de-
velopment, where, too, there are

good markets, and from whence the
capital can be reached in a short
time by good rail and waterways.

Spread over the 15 years, the cost
of the restricted scheme works out
at an expenditure of about \$2,900,
000 annually, not reckoning the ex-
tra expenditure necessitated for spe-
cial measures in the interests of the
country's defence. For the reclama-
tion scheme, or at any rate that part
of it which provides for the ultimate
drainage of the southeastern polder,
extending right across the southern
part of the Zuyder Zee, must neces-
sarily involve drastic changes in the
defences of Holland's chief fortress
and capital, Amsterdam. The govern-
ment therefore announces that noth-
ing will in any case be done until a
separate law has also been passed
relating to such requirements, this
law again necessarily depending on
the results of a searching inquiry to
be carried out when the war is over
and the new conditions can be sur-
veyed in the light thereof.

A considerable period must there-
fore even now elapse before the Zuy-
der Zee project eventuates. As a
matter of fact, the first Zuyder Zee
reclamation bill was introduced as
long ago as 1877, and others of sub-
sequent date likewise failed to reach
the statute book. But the whole of
national opinion now seems to be
strongly behind the scheme. More-
over, Holland has a plentiful supply
of money at the present time, the
gold stocks of its central bank be-
ing three and a half times as large
as at the outbreak of war; and the
war's effect both at home and abroad
have accustomed people to contem-
plating the expenditure of vast sums
of money. The importance of such
a reinforcement of the country's agri-
cultural land in peace and war is
not overlooked, nor the opening the
project will offer after the war to
Dutch industry and labor. The
scheme has therefore better pros-
pects of realization than ever before
in its long history.

DEUTSCHLAND TAKES
ON PROVISIONS

New London, Conn., Nov. 13.—The
approaching departure of the sub-
marine Deutschland for Germany was
believed to be indicated by the tak-
ing on board today of large quanti-
ties of provisions. As local dealers
are understood, however, to have
orders for delivery tomorrow, it is
believed it may be Wednesday before
the freighter turns her nose seaward.
No clearance papers have been is-
sued.

EQUIPMENT DEMAND

IS GREATEST EVER

Chicago, Nov. 13.—Responding to
the plea of Jacob M. Dickinson, re-
ceiver of the Chicago, Rock Island &
Pacific railroad, that "there has not
been a time in recent years when
the demand for equipment has been
so great," Judge Carpenter in the
federal court today authorized Mr.
Dickinson to purchase 2,000 box cars
at an approximate cost of half a mil-
lion dollars.
